WORK EXPERIENCE

I am Mohammed Mustafa from Egypt, and graduated from Kafr El Sheikh University, from the faculty of Commerce, I have adequate experience in graphic design, I had worked before as a trainer at Taha Hussain center which is a certified center and acknowledged from Apple and Adobe, and I also worked as a trainer at Naif Arab University for security sciences.

In addition to, I have worked before as an Art Director in Darah Media production in Riyadh for six months, I have designed many companies branding, and designed many infographic projects for a lot of company such as Riyadh Airports, I was working as brand developer at Zamil air conditioners,

I was responsible for the major designs relating to the company such as advertising campaigns besides showing the data by the way of infographic design, I have designed for that company catalogues and magazines, I also shared in designing the company profile, now working in Riyadh airport company as reporting developer to convert the financial reports to infographic reports that present to GACA and Executive Council.
